

## **REMARKS**

A Notice of Allowance has been received in the above-identified application but the issue fee has not yet been paid.

It is believed that the Examiner's amendment was intended to cancel claim 2 because the features recited in claim 2 have been incorporated in claim 1. Further, claim 27 should recite "saving receiver type information in a data structure." Additionally, a review of the allowed claims and the Examiner's amendment has revealed typographical errors that are now sought to be corrected. In view of these minor errors, it is respectfully submitted that no new search is required.

Applicant hereby respectfully requests that on recommendation of the Examiner and approval by the Director that this amendment be entered. If there are any questions with regards to this matter, please do not hesitate to contact us at the number below.

Respectfully submitted,
